Ice Notice.
I have just returned from a trip to New Mexico, where I have contracted for twelve carloads of pure mountain ice. Thanking my patrons for their past liberal patronage, I trust to enjoy their custom through the coming season, assuring them of prompt attendance by day or night. MARTIN MAIER, Prescott, March 23d, 1891.

FROM SATURDAY'S DAILY.

Phin. Clanton is residing in Globe. Superintendent Helm, of the Tiger, is in town. Judge Abner Wade, of Walnut Grove, is in town. F. W. Blake returned from Mohave county last evening. The Buckeye Blade has suspended, for want of patronage. The new railroad time schedule will go into effect next Monday. E. M. Jennings has purchased Erwin Baer's photograph gallery.

Ex-Secretary Bayard gives his views on the Italian question in the May Forum. Phenix papers announce that Secretary N. O. Murphy is en route to Prescott from Phoenix. The Southern California Editorial Association has decided upon Flagstaff as their place of meeting in July. Arizona editors should arrange to give their neighbors a cordial reception.

Miss Gertrude Hughes, daughter of Editor L. C. Hughes of the Tucson Star, is seriously ill with the grippe in Boston, where she is attending the Conservatory of Music. Hope the young lady may recover.

J. J. Williams, general manager of the Commercial Mining Company's properties, has been granted thirty days' leave of absence, and will leave on Monday, with his family to spend it in California.

D. W. Wallis and J. C. Dunphy, who have spent several days in Prescott, left this morning for Mohave county, where they recently purchased between 2,000 and 3,000 head of cattle, which they will drive to Nevada.

Will C. Barnes, of Holbrook, and J. W. Benham, of Williams, members of the live Stock Sanitary Commission, came on last evening's train and left for Phenix this morning to attend the organization of the new commission.

An accident happened yesterday evening at Camp Senora, resulting in serious injuries to Alexander Baird, an old resident and miner of this county. He was engaged at work in a shaft when an empty car dropped down on him. Medical aid was summoned from Prescott for him.

There is considerable point in Mr. Depey's latest definition of a club. He says it is a place where a man sits for hours in a reading room waiting for his turn at the evening paper, which he will not buy. Then he keeps it two hours from another member. Subsequently he goes home and tells his wife that clubs are economical after all. —Albuquerque Democrat.

Patents for pre-emption claims have been received for the following parties at the Prescott land office, and will be delivered upon surrender of the duplicate certificate of entry: James McCrum, Prescott; Joseph S. Mechen, Armer, Gila county; Rulon C. Kinder, Holbrook; Simon F. Murphy, Show Low; Alexander Nicoll, Jr., St. Johns; Edward W. Nelson and Robert Brown, Springerville; Henry C. Lockett, William Carroll and Euclid M. Labell, Flagstaff.

The genuine and purely disinterested solicitude manifested by certain democratic papers for Secretary Blaine at the present time, must touch a tender chord in the great heart of the people of this country. These democratic papers are unmistakable signs of physical and mental failure in America's great statesman, and fear that he will not last long. They also affect a fear lest there may be a disagreement between President Harrison and his secretary of state. It is very amusing to read these sympathetic articles.

After an absence of three or four days the Phenix Republican put in an appearance again last evening. From two or three items which appeared in it, as well as from some items in its Phenix contemporaries, it is learned that the cause of its non appearance was on account of a strike of its printers. Two attachments were also levied on it, one amounting to \$800 due to Los Angeles paper firm, and one of \$108 by James H. McClintock, one of its employees. Manager Wall has however set the craft a gain again, by compromising with the printers, and hopes to steer it clear of financial snags in the future.

In the Overland Monthly for May and June will be published a series of historical papers more important than have been printed for a long time. They are selected from the private papers of the late Senator Gwin, and tell, in original documents, the story of his famous attempt to persuade the Emperor Napoleon III, and Maximilian to adopt his scheme of bringing a mining population into Sonora and Chihuahua under the protection of the French troops. The papers are memorials and private letters to the Emperors, and to other public men, and letters the Senator wrote to his wife and daughter, giving his impressions of the Emperors and the court life in which he moved. He tells them that he finds a blunt American frankness is the best way to deal with Emperors, after all.

The Edwin W. Joy Company, of San Francisco, manufacturers of Joy's Vegetable Sarsaparilla, have appointed W. W. Ross, of the Corner drug store local agent here for the sale of their preparation, and have a new advertisement in this issue. This preparation, without doubt stands at the head of the list as a blood purifier. Unlike other Sarsaparillas, it is purely vegetable. It is mild but effective in its action, and is not attended with any evil after effects. There is no preparation made, for purifying the blood, which has received such a large number of voluntary testimonials from persons who have experienced beneficial results from its use and that is so highly endorsed and recommended by disinterested physicians. The formula for its manufacture was prepared by Edwin W. Joy, one of the leading chemists and pharmacists of San Francisco, a gentleman, whose entire life has been spent in the drug business and who not only stands in the front rank of his profession, but is also recognized as one of the best authorities on chemical analyses in California.

FROM MONDAY'S DAILY.

James Shirley returned from his trip east yesterday. The Weber Concert company appears in Los Angeles to-night. Deputy Marshal Geo. E. Brown returned from the south yesterday. R. M. Rogers returned yesterday from an assessing tour in the county. John Sorg was granted full naturalization papers last Thursday by Judge Wells, at Kingman. Alexander Baird, who was injured at the Senator last Friday, was reported improving on Saturday evening. Elmer Wells sustained injuries while enroute to Topeka that has confined him to his bed ever since his arrival there. In the game of base ball yesterday between the Palmers and Prescotts, the home nine were completely routed. Score, 31 to 3. Prescott Odd Fellows celebrated the 72d anniversary of their order Saturday evening, by a banquet at the Schuerman House. Mr. and Mrs. Jacob Henkle will shortly leave for Castle Creek Hot Springs, to try the efficacy of the water for the former's rheumatism. Manager Akers says, in the famous language of General Grant, "if it takes all summer" he is going to beat the soldiers boys, at least one game of base ball. Billy Mills came in from Kirkland valley Saturday evening and reports the finding of the remains of a man on Date creek, on Friday. No particulars could be obtained. By the new time schedule as published, train leaves Prescott at 2:15 p. m., and arrives at 12:30 a. m. It arrives at Prescott Junction at 5:45 p. m., and returning, leaves at 8 p. m.

Superintendent Jones sent a special train out yesterday to Prescott Junction, to bring in Judge W. C. Hazledine, general solicitor, and E. M. Sanford, local attorney, of the Atlantic & Pacific railroad.

Sarah Althoff-Hill-Sharon-Terry is said to have enlivened the session of the district court at Kingman. The versatile lady has lost none of her powers of speech and insisted on being heard on every occasion.

A Stockton, California, physician says that the free eating of lines or drakins of lemonade will prevent diphtheria, and adds that the smoke of lamps in living-rooms is injurious and lays the one who inhales it liable to contract the disease.

While mining, in January last, Mike Herman had his right foot crushed by a rock. The bones of the right leg were badly shattered and they refused to unite, although everything possible has been done for him. Amputation was decided on last Saturday, and the operation was performed yesterday afternoon by Dr. Miller, assisted by Drs. Day and Lewis. The leg was amputated about four inches below the knee.

A Baltimore paper of April 10th contains the following announcement of the death of a brother of D. C. Thorne of Prescott: "Stephen Thorne, the shipbuilder, died at his residence, No. 711 Fifth avenue, of pneumonia last night after an illness of less than a week. Mr. Thorne, who was seventy years old, had lived in this city nearly all his life. He had extensive ship-building interests in Baltimore, Md. A widow and one daughter survive him."

The Prescott Chautauque Circle met on Tuesday, April 21, at the residence of Mrs. W. O. O'Neill. Programme as arranged carried out. Roll call quotations from Milton. Reading, continuation of the "Life of Elizabeth," Mrs. Rockwell. Poem, Mrs. O'Neill. Reading, "Boston Magician," Miss Blake. Questions, "The World of Today," "Modern Rulers," (Jan. Chaut.), answers in Feb. No. Questions from Chautau to Tennyson, 1 to 13 Jan. Chaut. The next meeting to be held at the residence of Mrs. Rockwell, on Tuesday, April 28, at 2 p. m.

The Congregational church was crowded last evening on the occasion of Rev. E. D. Wyckoff's farewell services. No services were held in the Methodist or Baptist churches, and Revs. C. F. Fry and C. A. Rice were present and assisted in the services. The pulpit was beautifully decorated with blooming plants. At the close of the regular services, Rev. Wyckoff expressed his regrets at his departure, and spoke in a very feeling manner of the pleasant recollections that would ever cluster in his memory of his associations in Prescott. Both he and his very estimable wife are well liked in Prescott, and their departure is regretted by all.

Bucklen's Arnica Salve.
The best salve in the world for Cuts, Bruises, Sores, Rheum, Salt Rheum, Fever sores, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by W. W. Ross, at the Corner Drug Store.

May Day Sports.

Greenest pig, free to all school boys, 100 yd. race, boys 12 to 18, purse \$2.50 100 yd. race, girls 12 to 16, purse, \$2.50 50 yd. race, girls 6 to 12, purse, \$2.00 50 yd. race, boys 6 to 12, purse, \$2.00 50 yd. sack race, free to all school boys, purse, \$2.50. 3-legged race, boys 12 to 18, purse \$3.00 3-legged race, boys 6 to 12, purse \$2.00 Contestants will please leave their names with J. M. Aitken, previous to May Day.

COMMITTEE.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced the world was enriched with the only perfectly laxative known, as it is the only remedy which is truly pleasant and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact any time and the better it is known the more popular it becomes.

FROM TUESDAY'S DAILY.

Flagstaff has organized a board of trade. Buy a ticket for the Concert Thursday evening. The organ for the Episcopal church arrived to-day. Lute Wilson will open a station at Maple Gulch about May 1st. Yesterday's outgoing train killed a burro near the Half Way House. The troops formerly stationed at Camp Verde have come in to Whipple. The Prescott base ball boys propose to redeem themselves in the game May Day. Barrett Post G. A. R. will meet to-night. Members are all requested to attend. Judge E. W. Wells and Mayor Howard returned from Kingman by last night's train. That man with the "bad spell" hailed from Mercer county, Missouri, instead of Pennsylvania. Mrs. E. W. French expects to leave for the East on Thursday, for a four or five months' visit to relatives. Lieut. Duncan will return to Whipple in a few days. He failed to secure any Indians to enlist in the army. John Lynch, of Kingman, but who is well known in Prescott, was presented with a girl baby by Mrs. Lynch a few days since. J. L. Fisher has been instructed by Captain Carpenter to sell, by public auction, at Whipple Barracks, his elegant household furniture next Saturday, May 2d. S. C. Rogers, of Charmingdale, will plant sixty acres of corn this season. He has also received a lot of sugar beet seed and will experiment this season with their culture. Henry M. Herbert, a former resident of Prescott, came in on last night's train, accompanied by his nephew, E. H. Herbert. Both hail from Montgomery, Alabama. The remains of the man recently found in the old commissary building at Camp Date creek were identified as those of James Griffin. Death resulted from natural causes. Felix Coblenz, one of the most genial and popular traveling men that visits Prescott, representing John S. Bowman & Co., wholesale liquor dealers of San Francisco, is in town. Hon. Levi Bashford yesterday received an envelope bearing the Tucson postmark. On opening it he found a crisp \$10 bill neatly folded up in a piece of paper. Who the sender was or the object of it is a mystery to him. There will be a full dress review, inspection and muster on Thursday morning, April 30, at Whipple Barracks. Exercises will commence at 9:30 a. m. The Ninth Infantry band will render some fine music. Martin Maier has had fifteen men at work for some time quarrying rock for the erection of a new building on the site of his Exchange saloon. Mr. Maier will commence in a few days to remove the present buildings to the rear of the lot, when work will then be commenced on his new stone building. The storms in Kansas, about April 1, proved more disastrous to stock than was generally supposed. It is said that W. B. Slaughter, who had some 3,500 head of steers on pasture in the state, lost in the neighborhood of 500 head, and some other New Mexico and Arizona stockmen suffered fully as heavily losses. The Weber Concert Company has an advantage over the average combination of this kind, inasmuch as it gives a more varied programme, which gives better satisfaction in every instance. The matinee yesterday afternoon was very liberally patronized, and the fund for the new Presbyterian church, for the benefit of which the concerts were given, will be considerably increased. It is hoped the Company may visit us again.—Weekly Messenger.

Judge W. C. Hazledine, general solicitor of the Atlantic & Pacific railroad, is in Prescott enjoying the hospitality of Hotel Burke. The Judge is here on business in connection with the settlement of taxes of the above company, and will no doubt deal fairly and justly by the county, as he has always done in the past. Judge Hazledine will remain here for several days, and during his visit will take advantage of the opportunity to visit some of the mining properties in this vicinity.

The First Step.
Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything you want satisfaction, and you wonder what ails you. You are taking the wrong way. You are taking the first step into Nervous Prostration. You need a Nerve Tonic and in Electric Bitters you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great Nerve Tonic and Alternative. Your appetite returns, good digestion is restored, and the Liver and Kidneys resume healthy action. Try a bottle Price 50c., at Best Corner Drug Store.

Coconino County Republicans.

FLAGSTAFF, April 27.—[Special to the JOURNAL-MINER.]—Coconino County Republican Convention met to-day and nominated the following ticket: sheriff, R. H. Cameron, by acclamation; treasurer, John L. Davis, of Williams; recorder, C. A. Bush; district attorney, John W. Ross; probate judge, E. S. Simpson, of Chandler; surveyor, Jas. Lamport; supervisors: A. A. Dalton, F. L. Rogers and P. J. Brannen; constitutional convention, J. M. Sanford, of Williams.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures colic, and is the best remedy for Diarrhea. Twenty-five cents a bottle.

Married.

ROBINSON-BAKER.—In Prescott, April 27, by Rev. C. F. Spray, A. J. Robinson and Mrs. Ellen Baker.

Testimonial Concert.

The Concert given last evening by the Congregational choir to Rev. E. D. Wyckoff attracted a good audience. The programme was very interesting and the various pieces well rendered by those participating in it. The choir is composed of the following ladies and gentlemen: soprano, Mesdames S. P. Behan, Nettie Cagle and Miss Jean Snyder; alto, Mesdames R. H. Burmister, J. J. Fisher and E. D. Wyckoff; tenors, E. P. Clark, M. E. Morin and R. H. Lincoln; basses, D. M. Martin, H. D. Aitken and M. B. Hazledine; organist, Professor Ludwig Thomas. "Farewell to the Forest" (by request), "The Sky Lark," and "Dance of the Fairies" were rendered by the choir in a very effective and pleasing manner. The singers showed very careful training on the part of Mr. Wyckoff. Mr. Wyckoff and Professor Thomas gave two piano and organ duets, which elicited great applause from the audience, as did also an instrumental solo and a vocal solo by Miss Pearl Hutchins, "Man the Life Boat," and "Daddy" were sung by Mr. Wyckoff, the latter of which brought forth an encore from the audience. Mr. Wyckoff sings in perfect time, has a beautiful voice which is under complete control, and he is without exception the best soloist on the violin, organ and piano. H. D. Aitken, Rev. E. D. Wyckoff and Professor Thomas were most satisfactorily rendered. In rendering the piano solo, "Etude de Concert," Professor Thomas excelled all previous efforts of his life, and the house rang with applause until he favored the audience with another selection. As a pianist, Professor Thomas has few superiors.

The New Discovery.
You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it, is that when once given a trial, Dr. King's New Discovery cures after all the other places in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It guarantees every time, a money refunded. Trial Bottles Free at Ros Corner Drug Store.

May Day Festival Programme.
Open air Exercises at Public School grounds. Raising of the Flag on Public School House. March of School Children to Picnic grounds, accompanied by Ninth Infantry Band. Crowning of May Queen. May Pole Dance. Lunch for the Children. Races and Games.

Lunch baskets left at the office of Wells, Fargo & Co. up to 11 o'clock Friday morning will be taken in wagons to the picnic grounds. The leading merchants of town have expressed their willingness to close at 2 o'clock May Day, so we hope all will fall in line and join in making it a general holiday.

The Committee will furnish ice cream, coffee and lemonade. Parents and guardians will please provide lunch baskets, so the little ones may have something to eat. The picnic is not for the public school children only, but for all children of the city and vicinity.

Democratic Primary.

The prospect of electing a democratic United States senator from Prescott, on the admission of Arizona as a state, was too remote to arouse any great amount of enthusiasm among the democracy to-day, and as a consequence the vote polled at their primary was very small. The polls opened in Judge Reese M. Ling's office at 12 o'clock p. m., and remained open until 3 o'clock p. m., the total vote being 70. The party manipulators prepared a ticket of fifteen names, twelve of which only were voted for. The following is the list of names printed on the ticket: Geo. C. Waddell, C. P. Hicks, Reese Ling, E. W. French, Ben Belcher, J. L. Fisher, K. N. Fredericks, J. A. Tobin, E. J. Austin, A. G. Oliver, Geo. Merritt, D. A. Burke, W. J. O'Neill, C. B. Foster, S. C. Miller. The unsuccessful candidates in the above list were, D. A. Burke, W. J. O'Neill and S. C. Miller.

Republican Primary.

Hon. W. A. Freeze was chosen to preside over Saturday night's mass meeting, and Chas. H. Akers was elected secretary. The following fifteen names were selected as candidates for delegates to the county convention, twelve only to be elected: F. M. Murphy, Joseph Dougherty, W. A. Freeze, H. W. Fleury, F. G. Brecht, T. J. Butler, Samuel Hill, C. H. Akers, W. N. Kelly, Geo. S. Porter, W. A. Linn, Isaac Heim, W. W. Vanderbilt, D. F. Mitchell and T. W. Otis. Polls were opened to-day from 10 till 3 o'clock, in F. M. Murphy's office. While the enthusiasm was but little greater than at Saturday's Democratic primary, there were 89 votes polled, resulting in the defeat of Isaac Heim, T. W. Otis and W. W. Vanderbilt.

Letter List.

The following is a list of letters remaining in the post-office at Prescott, Arizona, uncalled for April 23, 1891. Avery, G. H. Jackson, U. S. Brown, G. C. 2 McMahon, W. Blackford, H. C. Manyhouse, D. Benson, C. J. Nelson, Miss M. Bowman, Miss D. Phelps, H. Craft, Chas. Reede, Mrs. L. Canavan, F. Ritchie, J. R. Campbell, A. F. Shea, C. Carroll, L. V. Thomas, T. H. Davidson, Miss M. Williams, Jno. Drake, D. H. Workman, Jas. Dower, J. M. Webb, Ellie Gray, Chas. 2 Wilson, Mrs. J. H. Gaines, W. P. White, Jno. Herndon, Wm.

SPANISH.

Atiñosa, F. Merino, J. 2 Bracamonte, R. Montolio, Mrs. M. Please call for "advertised."

J. W. ARCHERD, P. M.

Mining Intelligence.

Lessee of the Blue Dick are taking out good ore, which is being shipped. H. N. Palmer came in yesterday from Maple Gulch with a large bar of gold bullion. The Catoctin is showing up finely as depth is obtained. They have now a ledge of from seven to nine feet in width. Work will be commenced at once erecting a ten-stamp mill on the property. Superintendent Clark has five men employed at the Silver Belt mine, taking the water out and repairing the timbers of the shaft. He has experienced very great difficulty, as the old timbers are all rotten and the work of replacing them can be accomplished very slowly. W. H. Ferguson and his son, Gilbert, came in from the Haasayampa last night, where they have been engaged working the Gold Leaf mine. They took nine tons of ore to Dr. Hunter's mill, as an experiment, and it proves a success they will continue to take out ore and have it worked there. The Yavapai Mining and Storage Co. is doing a good business in their placer claims at Camp Hatterley and French creek. At Hatterley a hydraulic apparatus is in successful operation, and a large quantity of gold is being taken out daily. The company work fifty men at both camps and thus far the claims have proven very satisfactory. Hydraulic works will soon be in operation at French creek, when the results will be much more satisfactory.

The Mohave Miner gives the following news from our sister county: The gentlemen who have charge of the copper property near Yucca, are now on a sampling tour through Cedar district. Their object is to find out whether or not they can secure sufficient high grade ores from the district to smelt with their copper ore to make the bullion or matte sufficiently high grade to pay for refining.

J. R. Gilliland and party have returned from their prospecting trip to the new gold excitement in the Charles mountains near Pahumpum valley. When Mr. Gilliland talks about his trip the atmosphere in his immediate vicinity becomes blue and sulphurous. He says there is absolutely nothing in the shape of mining locations in the new districts. The locations of Montgomery & Co. were all "salted," that the camp is overrun with prospectors who are pouring in every day from all directions, and leaving again as fast as they can get away. So much for this "fak."

The Corbett mill, owned by the Arizona Northern mining company, will be entirely remodelled and placed in the best in the territory and under favorable auspices will undoubtedly be made one of the best paying properties in the county. The company own some fine mining properties in connection with the mill, and it is to be hoped they will see fit to work them as they deserve.

FROM COCHISE COUNTY.

The Prospector contains the following items: A gold strike of some importance was made recently near Turquoise, the rock showing free gold in sufficient quantities to make a tenderfoot's eyes stand out. The Stonewall is again being worked by the Engle brothers. They find the manganese ore, although low grade, more profitable than higher grade propositions of smaller size. There is considerable activity in the vicinity of the Dos Cabezas mountains near Apache pass. Dan Waghall is placing a hoist on the Foothills claim which is turning out some high grade lead and gold ore. He has a two-foot vein which returned at the mill \$18 in gold on a run of fifty tons. The ore carries from 20 to 40 per cent lead and about ounces of silver. On the same lode is the Single Line, owned by McFar Cohn, who is developing it and taking out some very rich ore. For a poor man's camp, this cannot be best in Cochise county.

Arizona's Timber Land.

The extent of the timber belt of this territory is very little known outside of our own people. Many people imagine Arizona a region of treeless plains, bare and barren mountains; but the fact is that few countries of the west have been so generously endowed by an abundant timber supply; and the magnificent forests of pine, oak and cedar in the Mogollon, the Sierra Blanca, the San Francisco, the Santa Catalina, the Chiricahua, and other ranges, are surpassed by few states or territories west of the Missouri. Nearly all the lumber required in the construction of the Mexican Central railroad, came from the forests of Northern Arizona and Los Angeles.

The treeless plains of Southern California, as well as the valley of the Rio Grande down to El Paso, receive the larger portion of their lumber supply from the mills in the San Francisco mountains. From reliable data at hand, it is estimated that not less than 15,000 square miles of the entire area of Arizona is covered with a heavy growth of timber. This gives nearly 10,000,000 acres of woodland. The great timber belt may be said to extend in a north-east and southwest direction from the 36th parallel to the line of Sonora, following in its course the principal mountain ranges. It is not continuous, the timber being found on the summits and sides of the highest elevations. The largest and most compact body of timber in the territory is in the Mogollon forests.

It begins at San Francisco Peak, and extends in a northwesterly direction almost to the 38th parallel. Its extreme length is 200 miles, and its average width about 50, making 10,000 square miles, or 6,400,000 acres. Here is a body of magnificent pine equal in extent to the combined area of New Jersey and Delaware, larger than Massachusetts, and double the extent of Connecticut.—Ex.

Wednesday's Edition.

Book beer is on tap now. Concert to-morrow evening. Harris Baldwin has gone to California. Fat cattle seem to be scarce in this section. The May Day game of base ball promises to be quite interesting. Coconino county republicans have nominated a pretty good ticket. Messrs. Smiley & Freeze are making some important changes to their saloon. J. R. Liston's pack train loaded to-day with supplies at Bashford & Burmister's. J. J. Fisher and John Hartin sent a whim out yesterday to their Last Chance mine. Deputy Marshal Geo. E. Brown is up on the line of the railroad on official business. A car load of hams and bacon arrived here yesterday only four days from date of shipment from Omaha. The grand lodge K. of P. will meet at Benson next Wednesday.
